B. RESPONSE TO QUERIES

REFERENCE	AMENDMENT/CHANGE/CLARIFICATION
	Not Applicable

Please be informed that an erroneous series for supplemental was inadvertently indicated in the last Supplemental Bulletin issued by the BAC for the same procurement project. Therefore, we likewise modify the series from BAC-2019-09-025 to BAC-2019-09-021. Consequently, this Supplemental Bulletin was numbered BAC-2019-09-022. The attached form, containing the amendments in technical specifications in the previous and recent supplemental bulletin, must be submitted together with the original document as part of the Technical Component of the bid. It is understood, however, that Bidder/s must indicate compliance in each individual parameter of the form (with revised specifications) and original document (Section VII. Technical Specifications) of the Bidding Documents. Bidder/s may revise Section VII. Technical Specifications of the Bidding Documents to reflect the amendments made by the BAC.

Please be guided accordingly.
