

Philippines-Japan

Workshop on Wireless, Radio and Antenna Technologies (PJWWRAT)

December 4-5, 2019

Quezon City, Philippines

CALL FOR ABSTRACTS

The Philippines-Japan Workshop on Wireless, Radio and Antenna Technologies (PJWWRAT) is the first workshop on Antenna, Propagation and Wireless Technologies between the Philippines and Japan. The theme of the PJ-WWRAT 2019 is "Bridging the research on antenna, propagation and wireless technologies between the Philippines and Japan". It is intended to provide a forum for exchanging information on the progress of research and development in antennas, propagation, RF/microwave and wireless communication systems.

IMPORTANT DATES

Abstract Submission:

October 31, 2019

Registration:

November 7-18, 2019

PJWWRAT Main Workshop:

December 4-5, 2019

TOPICS OF INTEREST

Topics of interest include but are not limited to:

- Antenna Technology for 5G
- Massive MIMO
- 5G Standards and Radio technologies
- Radio Spectrum Monitoring/ Spectrum management
- 5G Radio propagation measurements and models
- Array antenna systems for space technology
