B. RESPONSE TO QUERIES

| QUERY/ISSUE | BAC/END-USER RESPONSE/CLARIFICATION |
|--|---|
| Will you consider a completed project that is a combination of software and hardware with breakdown of prices? The price of the software is more than the 50% of the Approved Budget for the Contract. | Contract with combination of software and hardware, with breakdown of costs, is acceptable. |
| Can we provide the training/workshop virtually or online? The person who will conduct the training/workshop is based in abroad. | Considering the uncertainty of holding physical trainings at this point, the end-user and the BAC is amenable with virtual or online training/workshop. |

ADDITIONAL INSTRUCTION/S: Prospective bidder/s are required to **amend** the form to update existing information.

Please be guided accordingly.
